

“Sarong Wrap Pants”

With just a few easy steps, you can turn two squares of fabric and some ribbon into this season’s comfiest trend - a pair of sarong wrap pants!

Created by: Kelly Laws, Marketing Project Manager

Supplies:

Baby Lock Sewing Machine or serger
2 yards 58” -60” wide lightweight knit fabric
5 yards 1” wide satin ribbon
All-purpose thread
Woolly thread for serger (OPTIONAL)
Chalk
Bodkin (or large safety pin)
Tape measure
Scissors

Instructions:

1. Cut two rectangles of fabric 30” x 50”.
2. Fold them in half so you have two 30” x 25” pieces and stack them matching the fold edges.

3. Using the tape measure and chalk mark the following measurements on the fold edge.

- Cut a curved line and remove the top corner piece.

- Open the rectangles and match the right side of the fabric.
- Stitch the two pieces together at the curve. This will form the crotch seam of the wrap pants.

- Find the edges with the seams. These will be the center front and center back waist seams. Fold over 1-1/2" to form the waist line casing. Stitch along the edge leaving the ends open to run the ribbon through.

8. To finish the edges on the wrap pants use a three thread rolled hem with the serger or a small zigzag stitch with the sewing machine along the sides and hem. For a softer hem use woolly nylon in both loopers of the serger.
9. Cut the 5 yard piece of ribbon in half. Use a bodkin or large safety pin to run a piece of ribbon through the front and back casings.
10. Sew a small seam through all layers of the casing at the seam to secure the ribbon from slipping out of the casing.

To wear your sarong wrap pants:

1. Wrap the front around your waist and tie the ribbon.
2. Pass the back casing between your legs, wrap the back to the front and tie around your waist.
